ZD+

Staverton

ZD+ combines a minimal aesthetic with exceptional build quality at a highly competitive price.

A full collection of desks, benches and tables are offered with a light floating top that sits away from the structural frame.

Cable management is simple and effective, concealing all vertical and horizontal cable paths discreetly. A vertical cable management riser hides cables from view, and a large-capacity hook-on cable management tray can be hinged down from either side.

The Staverton ZD+ range holds the prestigious FIRA Gold Certification, which is the ultimate mark of furniture quality and excellence.

Future-Proofed Telescopic Beam

ZD+ products can be simply customised to provide an exact foot-print or shape, due to the use of a telescopic structural beam and the floating design of the worksurface.

The Staverton ZD+ range is also offered with a lifetime framework guarantee.

Product Main Features

- End leg frames are available in 1600mm or 1200mm widths.
- The 1200mm frame also supports a 1400mm wide bench footprint.
- The intermediate leg frame suits all bench depths.
- Telescopic structural support beams have integral, horizontal wire management capability.
- A large-capacity hook-on cable management tray can be hinged down from either side.
- A vertical cable management riser discreetly hides cables or power cords.
- Structurally mounted bench screen fixing brackets, or alternative bracket mountings.
- Screens feature either an aluminium frame with many options, or a simple upholstery trim.
- Desktop power and data distribution options are available.
- Individual workstation heights can be block-adjusted by up to 100mm.

Extended Range Products

The ZD+ range provides a variety of choices to suit your workplace requirements, such as end-leg insets, soft barrel-shaped worktops, and a retrofit sit-stand conversion kit.

The Finishing Touch

You can customise your ZD+ workstation to match your personal style and preferences with a variety of high-quality finishes to choose from.

Additionally, you can personalise your screens by selecting from a diverse range of fabric alternatives, textures, and colours.

Count on Us

Staverton Introduction

Staverton is an award-winning British manufacturer of office furniture. Thanks to our bespoke design approach and quality craftsmanship, we have been solving clients' furniture challenges for decades. It's how we've earned an enviable reputation as innovators – combining form, function and flexibility to meet clients' needs, without compromise.

Lead Time

Having our own production facility in South Yorkshire and the latest BAZ processing machinery installed in the factory allows Staverton to have a most competitive lead time. The benefits of our 38,000 sq ft of space for assembly and design become evident by the short time between the placement of an order and the delivery of the product.

Warranty

All Staverton systems have a lifetime warranty on framework and a 10-year warranty on top panels. Moving parts and electrical items have a five-year warranty. The warranty is valid for products supplied in mainland UK and used during normal office hours. It covers all defects in materials and workmanship, but does not apply to damage resulting from neglect, misuse or accidents.

Resources

At Staverton we understand the importance of supporting our clients, ensuring our designs work to meet their specific requirements. A comprehensive set of space planning tools and resources such as detailed product specifications, image library, render graphics, CAD and BIM files are all available.

Repair & Maintenance

Regular repair and maintenance is essential to keep screens and upholstered furniture looking at its best. We can provide extensive furniture cleaning care tips, conservation advice, repair instructions and recommendations to help keep all Staverton products looking their best.

Showroom

Conveniently located in London, our newly refurbished Clerkenwell showroom exhibits Staverton's wide range of products. Clients are welcome to visit and see our complete product range.

Quality Policy

Our commercial and management objectives are to provide products and services that consistently meet the needs and expectations of our clients, whilst operating in compliance with all regulatory requirements. To ensure this, we hold the British Standard BS EN ISO 9001:2015 Quality System Model accreditation.

Environmental

Our commitment to sustainability and environmental best practice is continual. As part of this we are working with clients to manage the disposal of their end-of-life office furniture in a responsible manner.

Staverton was one of the first UK office furniture companies to achieve the ISO 14001 certification. We are proud to hold the BM TRADA's registration number –001 as well as the current ISO 14001:2015 certificate.
